

The Minnesota Free Market Institute invites you to an entertaining and informative evening featuring an address by world renowned climate skeptic Lord Christopher Monckton and the national premiere of the Cascade Policy Institute documentary, "Climate Chains."

Premiere: "Climate Chains"

The national premiere of a new documentary by the Cascade Policy Institute addressing the perils of cap and trade legislation while offering a free market approach to protecting the environment.

Keynote: Lord Christopher Monckton

Special Advisor to former British Prime Minister Margaret Thatcher; Chief Policy Advisor to the Institute of Science and Public Policy; Lord Christopher Monckton is well known in climate realist circles as the man Al Gore refused to debate on the floor of Congress.
